<p>Graduation Requirements :</p>	<p>1. In accordance with the General Provisions for Study, undergraduate students need to satisfy university-wide basic competencies of English, Information Technology, Chinese, and Sports to be eligible for graduation. 2. Students need to complete at least 12 General Education courses in three areas: Humanities, Social Science, and Natural Science. Each area is divided into two subcategories, and students must take 1 two-credit course in both of the subcategories within each area to be eligible for graduation. 3. Credits earned in previous semesters can be applied retroactively to students who entered from 2019-20 academic year. 4. Credits earned in the Teacher Education Program cannot waive professional elective credits. 5. Extra General Education credits can be recorded as accumulated credits. 6. Credits that are related to the College of Education electives (eg. Media Literacy) cannot be counted toward graduation. 7. Details on the requirements for the International College's Journalism and Mass Communication Program are shown in the framework of each semester for the School or the department (including those listed prior to the current semester). 8. Credits for the department electives for the department. 9. The credits of interdisciplinary focused course program are not regarded as the other department credits. 10. Introduction to New Media, News Reporting and</p>

Successfully complete Service Learning, meet the requirements, and pass the core competencies of their department to earn the credits. General Education courses are divided into two subcategories: core and extended. Students need to complete 3. The elective courses in this course framework must be taken as General Education electives and within the 12-credit requirement. Communication credits earned cannot be counted toward the 12-credit requirement for the School of Communication. A table of credit waivers between the School of Communication and other departments is available below. 8. All the courses listed on the course structure diagram that can be counted toward the department's name change) are the professional courses. The courses included in course structure diagram that can be counted toward Writing I, News Reporting and Writing II, Economics,
